PROFESSIONAL SUMMARY

Creator growth and community leader with **7+ years** across creator ecosystems, consumer social products, AI-native startups, campus/community growth, integrated marketing, and entertainment/media. Built **0-to-1 creator/community systems, KOL/influencer networks**, campus programs, ambassador/community channels, creator lifecycle playbooks, offline activation systems, and AI-native workflows that turn creator relationships and local initiatives into measurable growth engines.

Most relevant to RedNote: scaled community-led growth across DITTO, PandaPal, ENCMOBILE, SWAP, and personal creator channels, with proof across **100K+ community members, 2,000+ creator/KOL resources, 30+ offline/community events, 800% user growth, 150K+ cumulative users, 100K+ campaign sign-ups across 733 U.S. colleges, 8x user growth / 10x revenue growth**, a RED account reaching **1M views -> 1,000 targeted sign-ups**, TikTok growth to **24K+ followers**, and a **#1 RED copywriting AI agent** with **12.4K users / 81K conversations**. Strongest in the full creator/community lifecycle: acquisition, onboarding, first-value activation, creator success, repeat participation, advocacy, and retention learning.

SELECTED FIT FOR REDNOTE CREATOR GROWTH MANAGER

- Built and activated **creator/community ecosystems** across **RED, TikTok, Discord, Telegram, WeChat, Instagram, Zhihu, and Weibo**, connecting creator content, community belonging, campus channels, and offline experiences into repeatable growth programs across student/lifestyle, local services, wellness, social product, entertainment, and brand/KOL verticals.
- Led DITTO campus growth and activation systems with a **30+ member marketing & BD team**, driving **800% user growth, 150K+ cumulative users**, and **100K+ partner-channel sign-ups** through brand partnership, campus, community, ambassador, offline event, and follow-up channels.
- Co-led a large-scale strategic brand partnership covering **733 U.S. colleges**, building a replicable North America campus growth motion across partner entry points, creative assets, community channels, conversion messaging, and post-campaign analysis.
- Built a **0-to-1 creator/community growth system** at PandaPal reaching **100K+ members**, an **80K+ campus network, 50+ U.S. universities**, and **50+ active community groups** through content-led campaigns, creator partnerships, campus channels, and private-community conversion.
- Built and activated **2,000+ creator/KOL resources** across RED, TikTok, Instagram, and creator communities; managed creator sourcing, onboarding, briefing, content guidance, campaign follow-up, and repeat collaboration for **200+ brands** and **3 monetization models**.
- Led and designed community programs including **30+ campus/creator events**, multiple **100+ attendee activations**, a **400-person yacht event**, campus ambassador/community programs, student organization partnerships, referral mechanics, and post-event community conversion playbooks.
- Designed creator/community lifecycle flows from acquisition to onboarding, first-value moment, community belonging, creator education, UGC/social amplification, segmented follow-up, repeat participation, and retention diagnosis.
- Designed organic growth and referral concepts such as DITTO's **Love Fund / Date On Us** and summer growth plans, combining campus-level landing pages, referral links, weighted entries, real-world experiences, UGC recaps, creator/social amplification, and signup/engagement metrics.
- Used **UTM tracking, channel-quality analysis, email verification, funnel review, Tableau dashboards, ROI/budget pacing, creator behavior signals, and retention diagnosis** to optimize creator/community programs beyond vanity metrics.
- Partnered across **Product, Growth, Content, Partnerships, design, and operations** to translate community/creator insights into landing pages, onboarding flows, lifecycle messages, content prompts, event playbooks, and product-facing recommendations.
- Built AI-native workflows for creator growth and field marketing, including **DPU**, InfluencerOps, campaign planning systems, internal knowledge retrieval, and a **RED Viral Copywriting AI Agent** ranked **#1** on RED's copywriting tool leaderboard.

PROFESSIONAL EXPERIENCE

Marketing Director & Creator Growth Consultant | DITTO.AI (AI-Native Dating Platform)

Los Angeles, CA | Nov 2025 - Present

- Led campus growth and community strategy with a **30+ member marketing & BD team**, driving **800% user growth** and adding **150K+ cumulative users**; owned growth strategy across channel prioritization, campus/community execution, partnership activation, team coordination, and measurement loops.
- Co-led one of DITTO's largest **strategic brand partnerships** and campus activation campaigns, covering **733 U.S. colleges** and generating **100K+ partner-channel sign-ups**.

- Built a **0-to-1 campus and creator growth system** across major U.S. markets by combining ambassador programs, poster/QR networks, student organization partnerships, community groups, offline experiences, creator/influencer content, and conversion follow-up.
- Designed the **offline-to-online lifecycle journey** from poster/QR exposure and school-specific landing pages to onboarding, profile setup, first-value moment, email verification, segmented follow-up, repeat engagement, and post-campaign learning.
- Validated high-conversion community channels with a **26.8% email verification rate**, approximately **20x above** the platform average, proving the value of precision community targeting over broad acquisition.
- Operated multi-platform communities across **Discord, Telegram, and WeChat** with **40K+ total members**; built ambassador leaderboards, creator/community calendars, channel-quality tracking, engagement prompts, and repeatable execution templates.
- Planned and executed **10+ offline activations** with **200+ attendees each**, including a **400+ attendee yacht event**; built a reusable event and partner onboarding playbook that reduced partner onboarding time by **60%**.
- Designed DITTO's **Love Fund / Date On Us** growth concept, a school-by-school referral and UGC flywheel using real-world date experiences, campaign landing pages, personal referral links, weighted entries, RSVP flows, winner notifications, and post-event social amplification.
- Supported cross-functional growth/product learning by diagnosing activation and retention risks, including onboarding drop-off, first-value friction, school-level data quality, creator/community participation quality, and early-match churn; translated insights into campaign, lifecycle, content, partnership, and product-facing recommendations.
- Built AI-native growth workflows for DITTO, including **DPU**, creator/influencer operations, field marketing playbooks, campaign planning systems, and internal knowledge retrieval tools with **250+ docs** and **500+ knowledge nodes**.
